VOLUME 4.

MARYVILLE, MISSOURI, SATURDAY, AUG. 9, 1913.

NO. 58.

THIS IS THE NINTH

NIGHT PREVIOUS CHAUTAUQUAS HAVE BEEN HELD HERE.

FIRST AT HIGH SCHOOL

One Was Under Redpath-Vawter Management, While the Others Have Been Guided by Local Men.

Today was the opening of the ninth annual Chautauqua for Maryville, eight of them being in charge of local men and one by the Redpath-Vawter bureau and under the direction of men here. To those who have lived here during the past eight years or who have attended every session of the Chautauqua, it will hardly seem that they have heard as many good lecturers and excellent orators as they have.

A resume of past history of the Chautauquas held here at this time will be very opportune.

The first session of the Chautauqua (then known as the Maryville, instead of Nodaway county, Chautauqua) was held at the Central high school park. It was under the management of W. F. Smith of this city, and S. M. Holladay as superintendent. There was no local company back of them. Some of the attractions that year were Captain Richmond P. Hobson, Rev. Mary Guy Pearce of London, G. A. Gearhart, George W. Bain, Lou J. Beauchamp, Dr. Wm. A. Colledge and P. G. Holden. It was held from August 19 to 27, 1905. At this Chautauqua there were a number of campers on the high school grounds, who stayed during the entire week.

The second annual assembly was also held at the high school park and was under the same management as the first one, Messrs. Smith and Holladay. It was held from August 18 to 26, 1906. The program contained Senator Elmer J. Burkett, Dr. Newell Dwight Hillis, Lou J. Beauchamp, G. A. Gearhart, Rev. L. B. Wickersham, Father L. J. Vaughn, Rev. S. Parks, Rev. James H. Batten, the Kaffir boy choir, Cady's Cadet band and Forrest C. Donnell.

The third annual Chautauqua was held from August 17 to 25, 1907, at the high school park under the management of Messrs. Smith and Holladay. The notables on the program were Dr. Frank W. Gunzulus, Dr. Thomas E. Greene, Prof. J. Ernest Woodland, Senator J. P. Dolliver, S. A. Long, Dr. R. R. Lloyd, H. W. Sears, Mrs. Irene Hitchcock Bartlett, Prof. George W. Bicknell, Dr. John Merritt Driver, Frank H. Gamel, Chicago Glee club, Bishop Matt S. Hughes, Rev. L. B. Wickersham, Nat M. Brigham.

The fourth Chautauqua was under the management of the Normal, and the committee in charge were President H. M. Cook, R. H. Emberson and Prof. P. O. Landon. It was held in the Normal park, being the first one to be held there. The dates were August 1 to 10, 1908. The program had the following notables: Richmond Pearson Hobson, Dr. George L. Robinson, Dr. W. J. Dawson, Nels S. Darling, Allen A. Tanner, John Sharp Williams, Thomas B. Fletcher, Edmund Vance Cooke, Dr. Dan McGush, Dr. C. M. Chilton, Governor J. W. Folk.

The fifth Chautauqua was also held at the Normal park and was under the management of Prof. P. O. Landon, H. H. McMaster and Prof. George H. Colbert. It was given August 21 to 29, 1909. The program contained Edmund Vance Cooke, Dr. Gabriel R. Maguire, Jeffries' band, Dr. Geisel, Governor John A. Johnson, Castle Square Entertainers, Edwin Brush, Rev. Fr. MacCorry, Dr. James S. Montgomery, the New Zealanders, Caleb Powers, Hugh Dewitt Miller.

The Chautauqua held the next year,

August 12 to 18, 1910, was under the direction of a committee composed of George B. Baker, James B. Robinson, Joseph Jackson, Jr., George L. Wilfley, Anderson Craig, Prof. George H. Colbert. The program was furnished by the Redpath-Vawter bureau, and the assembly was held in the park east of the Franklin ward school house. There were no camper tents that year. The program consisted of the Royal Italian Guards band, Edward Russell Perry, Kirksmith Sisters orchestra, Dr. Mattison W. Chase, Dr. A. A. Willets, George R. Laird, Kryn's band, Ruthven McDonald, Rev. P. J. MacCorry, Judge Lybarger, Music Makers quartet, S. W. Gillilan, Congressman Henry T. Rainey and William Jennings Bryan.

The next Chautauqua, August 12 to 20, 1911, and under the management of Prof. P. O. Landon, was held at the Normal Chautauqua park. The program contained Senator Thomas P. Gore, J. Frank Hanley, Dr. Gabriel R. McGuire, Thomas Brooks Fletcher, Father C. Arthur Macleod, Dr. L. G. Herbert, Dr. C. B. Becker, Edward Amherst Ott, John B. Batto, Ralph Parlette, Hinchaw Grand Opera Quartet company, Apollo Concert company, Kaffir boys choir, Lulu Tyler Gates.

The eighth annual Chautauqua was held August 10 to 18, 1912, at the Normal Chautauqua park, and was under the management of a stock company, the board of directors being composed of W. M. Oakerson, Dr. J. S. Ford, Rev. C. J. Miller, P. O. Landon of Maryville, Dr. Rowlett of Graham, Fred Miller of Barnard and Ed Wolfers of Hopkins. It then became known as the Nodaway Chautauqua. The talent consisted of Dr. J. Adams Puffer, Chicago Operatic company, Bishop S. C. Partridge, Dr. Robert Parker Miles, Dr. Charles L. Pattenburg, Byron's Troubadours, Mrs. Leonora M. Lake, Richard Yates, Judge F. P. Sadler, Rev. George R. Stuart, Forbes Pipe band, Will B. Otwell, Henry E. Joy, Mendelssohn quartet, Mrs. Lulu Tyler Gates.

The Chautauqua this year is also known as the Nodaway Chautauqua. It is being held at the Normal Chautauqua park and is under the management of a stock company, duly incorporated for \$3,000. The board of directors is composed of Judge W. C. Ellison, president; P. O. Landon, secretary and manager; Ed C. Wolfers, Jr., of Hopkins; Nat Sisson, W. M. Oakerson, Louis White, Ernest Wray and J. H. Thorp of Maryville, and Fred Miller of near Barnard. The annual meeting of the stockholders is to be held at the Chautauqua tent on Thursday afternoon at 4:30 o'clock, when the election of the board of directors will take place and other business matters taken up.

\$1,500 LESS TO SCHOOLS.

State Fund Less Than Last Year, But Enough to Make Up Deficiency Comes From Other Funds.

Nodaway county rural school districts are to receive \$17,249.46, according to the apportionment of the state schools money by State Superintendent of Education W. P. Evans. This apportionment was made on the basis of the number of teachers employed last year, the salaries paid and the average attendance. This is under the law passed two years ago, which is intended to stimulate the employment of better teachers and better attendance in the public schools which determines the amount of money each school district will receive.

The apportionment last year was \$18,796.17, more than it is this year. But this year, the rural district schools in Nodaway will receive \$1,120.71, and also the high schools at Barnard, Hopkins, Skidmore, Pickering and Burlington Junction will receive some money from the state on account of the state aid school law which only became a law recently. So the schools of the county will receive this year more money than they did last year.

took State Examination.

Miss Bennie Dunnaway of Noble, Okla., who will teach English in the high school of Savannah Friday evening, went to Savannah Friday evening, having taken the state teachers' examination here Thursday and Friday. Miss Dunnaway also attended the summer school of the State Normal here. She holds a state certificate from Oklahoma.

Mr. and Mrs. John Jacobs went to St. Joseph Saturday morning to visit their son, Asbury Shelton, and family.

SURE A HOT NIGHT

78 MINIMUM BREAKS AUGUST NIGHT HEAT RECORDS.

WAS 105 TODAY AT 2:30

Friday Temperature Reached 107, Which is Second Highest Mark This Year—Today Was Hot.

For five days and four nights the mercury has not been below 73 degrees, and each of these five days it has been 100 and more, making the present heat wave one of the most severe since the weather bureau records have been kept. At 2:30 this afternoon it was 105 by the government thermometer.

The forecast is for showers tonight or Sunday.

Friday night and Saturday morning were the hottest that has been recorded by the government thermometer this summer, and was the hottest night that it has recorded in August since the weather records have been kept. The lowest minimum temperature during the night was 78. Many were complaining today of the hot night and of the hard time they had sleeping.

The hottest night, according to the records, was on July 9, 1910, when it was 89. It was 79 on July 14, 1908, 79 on July 26, 1894, and 81 on July 28, 1894. On July 5, 1911, it was 78. There have been many nights during this summer when it was hot. For instance, it was 73 on August 8, 74 on August 3, 75 on July 29, 74 on July 30, July 16, 17 and 30, 75 on July 15, 76 on July 14.

The temperature on Friday was 107.

DEATH AT PICKERING.

Mrs. Charles Strong Passed Away Saturday Morning After Several Weeks' Illness.

Mrs. Charles Strong of Pickering, mother of Howard and Delmar Strong of Maryville, died at her home in Pickering Saturday morning, after an illness of several weeks.

The funeral services will be held Sunday afternoon at 2:30 o'clock from the Christian church at Pickering. Burial in White Oak cemetery.

Mrs. Anna M. Strong was born in Wayne county, Kentucky, October 20, 1845. She is survived by her husband, two sons, Howard and Delmar Strong of Maryville, and a daughter, Mrs. Bishop of Los Angeles, Cal., who has been here two or three weeks.

HERE FROM OKLAHOMA CITY.

Mrs. Hunt Has Witnessed That City's Entire Growth—Went to First School in a Tent.

Mrs. W. T. S. Hunt and two sons of Oklahoma City arrived in Maryville Saturday noon on a visit to her husband's relatives, Mr. and Mrs. A. L. Oakerson, and others.

Mrs. Hunt went to Oklahoma with her parents from Alabama when she was 6 years old, when Oklahoma was opened, in 1889. She began school life very soon after in a tent, and it was with pardonable pride that she said on the way up town from the depot: "And now we have the greatest high school in the world. The building is of marble and granite, and there is no building one can think of that it resembles so much as the congressional library at Washington, D. C."

Then Mrs. Hunt looked around and said just what all Oklahomans do when they come to Maryville:

"Oh, what beautiful trees! It is certainly hard for us to do without them. What a noisy pavement this is. Oklahoma City has about 300 miles of asphalt pavement as smooth as can be, and it is swept and washed every day. We have a clean city and it is simply great to live there."

Moore Burial Monday.

The body of Mrs. W. P. Moore of St. Joseph will be brought to Maryville Monday noon for burial. The services will take place in Miriam cemetery immediately following the arrival of the funeral party. Rev. C. J. Miller of the First Christian church will have charge of the service. The body will be accompanied by Misses Nan, Kate and Mattie Moore of St. Joseph, daughters of the deceased, and Mrs. George Sutherland of Dexter, Mo., a sister.

TAKE ACTION NOW

HIGHWAY COMMISSIONER OFFERS TIMELY ADVICE FOR ROAD DAYS.

HAVE PLANS MADE OUT

Those in Authority Should See That There is No Lost Time Because of Lack of Preparation.

The following statement was issued Saturday by County Highway Engineer Clary in regard to the good roads days, August 20 and 21, and every road booster should read it:

The county court has endorsed Governor Major's proclamation designating August 20 and 21 as good roads days in Nodaway county, and the judges have pledged themselves to show that they are as thoroughly good roads men as the governor, by each putting in his two days at work on the roads of the county.

There is a great deal of interest being taken in this movement, and it will grow as the time draws near. Now that the rush of harvest is over, a big turnout can be expected, and it becomes apparent that some preparation must be made to have this work show proper results. This can only be done by thorough organization in all parts of the county, and some preliminary work in each road district.

All township boards, overseers and others interested in good roads should see that all roads are previously cleaned of grass and weeds by cutting, raking and burning, so that the needs of the road may be more readily seen and the work done with less delay and better results. Then they should determine what work should be done, and organize the forces for different pieces of work, appointing a captain of each crew, and arrange for equipment, so that the entire force will not have to sit in the sun and wait while some one walks a mile for a pair of double-trees or a clevis. The township boards and overseers should see that all road tools are previously distributed to the best advantage. Even if this is all done at the expense of the township it should be a good investment, as will be shown by better and more work done. Most of the men who give two days work on roads would rather work and have something to show for the time than to loaf a good portion of the time or work to no advantage, which will be the case without organization and some preliminary thought and work.

There is not enough road machinery, such as plows, scrapers and graders for all to work at this kind of work, hence it will be necessary to arrange for varied kinds of work. Where grading or scraper work is to be done it would be well to previously clean off ground, plow, and then thoroughly disc to pulverize the clods and sods before moving any of the dirt.

Much good work can be done repairing culverts and bridges, and both hand and team work cutting off approaches and filling at end of bridges, etc. Then the law requires that the roads shall be cleared of all brush, stumps, trees and limbs of trees. All stumps to be cut below surface of road. These and rocks and boulders in or on road surface are a constant annoyance and source of danger, and removing them would give work for many men working single-handed with pick and shovel or ax and grub hoe.

In organizing the working crews no man should be denied the right to work on that road or portion of road which is of most interest to him.

In grading it might be well to caution against attempting to move too much dirt at a time. Better work can be done by handling small amounts of dirt, and in no case should a grade be thrown up higher or with steeper side slope than just necessary to carry water to side drain. Ordinarily a slope of one-half inch to the foot is about right, and in no case should it be greater than one inch to the foot, or a roadway with crown thirty feet wide would have fall of seven and one-half inches center to side in first case, and in latter or extreme case would have fifteen inches fall center to each side; that is, to edge of side drain. Side drain ditches should be as shallow as possible to insure carrying off water, and should be continuous, not running out to surface in passing

gateways, etc. If a drain interferes with private entrance it should be made just the same and then a tube or other arrangement of slight excess capacity can be put in. In no case should the water be turned back into the road.

Some labor can be used putting in timber culverts, building concrete headwalls, etc., and many men and teams could haul sand and material for other similar work, or some might haul previously, so that the work of putting in can be done on these days.

There is plenty of work for all if we organize. It would be best if all could be on the work, but it will be impossible for some and who would yet be willing to contribute in money in some amount to help pay for materials used or for labor to be put on roads on some other day when men can be hired.

This office will be glad to give any assistance possible on or before these days, and hope that all may vie with each other in making these days ones of enthusiasm and good work.

JOHN H. CLARY,
County Highway Engineer.

TO PREACH IN KANSAS CITY.

Rev. Gilbert S. Cox to Occupy Pulpit of Howard Memorial Church in That City Sunday.

Rev. Gilbert S. Cox, pastor of the First M. E. church of this city, will leave Saturday afternoon for Kansas City, and on Sunday will occupy the pulpit of the Howard Memorial church in that city at both the morning and evening services. In response to a request he will sing "It is Enough," from the oratorio "Elijah" in the morning. Rev. Cox will visit his parents, Mr. and Mrs. L. M. Cox while in that city. He expects to return to Maryville on Monday.

TO USE TWO MOTOR BUSES.

Union Bus Company Received Saturday Two New Buses to Be Used for Service Here.

The Union Bus company received Saturday their two new motor buses, which will be used for transporting passengers to the depots, and also for service for the Chautauqua. The buses will hold twenty passengers each. They are Velle cars and are 40-horsepower.

The buses were driven to Maryville from Excelsior Springs, Mo., where they had been in use about three months, but owing to the interurban cars from that city to Kansas City they were not needed there any more.

NO CHURCH SERVICES SUNDAY.

All of the Protestant Churches Will Disband On Account of the Chautauqua.

No church services will be held at any of the Protestant churches in the city on Sunday on account of the Chautauqua. The morning program of the Chautauqua will consist of a big Sunday school rally of all of the Sunday schools of the churches of this city, and also of the county. S. L. Williams of Liberty, Mo., will be the speaker. However, the members of the Christian church will meet at the Christian church at 9 o'clock for a meeting, and the following is the call for such meeting:

Special call meeting of all members of the official board of Christian church at 9 a. m. in church parlors. All members of the church are urged to be present for an important business session at 9:30. Sunday school and communion. We adjourn in time for the 10:15 service at the Chautauqua.

W. C. FRANK,
Chairman of Board.

Collision Near Barnard.

As Cecil Wilson of Maryville, who was driving a car, and Earl Richards and Arthur Cotter of near Guilford, who were driving in a buggy, went to pass each other on a bridge east of Barnard Friday evening about 8 o'clock, they had a collision. The boys in the buggy were thrown out and injured so that Wilson took them back to Barnard for medical assistance. The Cotter boy had his knee cap knocked off and the Richards boy sustained injuries to his chest, and it is believed one of his ribs is broken. They are sons of Mr. and Mrs. John C. Cotter and Mrs. Mary Richards.

Miss Floy Lyle went to Barnard Saturday morning for a two weeks' visit with Mrs. Eugene Crawford.

IT STARTED TODAY

NODAWAY CHAUTAUQUA COMMENCES WITH RUSH OF CAMPERS.

BENJ. CHAPIN SUNDAY

In Character Portrayal of Lincoln—This Number is Highly Recommended by Friends of Lincoln.

This Evening's Program.
7:45—Concert by Ewing's Zouave band.

Sunday's Program.

Morning:
10:30—Big Sunday school rally of all Sunday schools in the county under direction of County Sunday School association.

Afternoon:
2:00—Prelude concert, Chicago Operatic company.

3:45—Benjamin Chapin in his great character portrayal of Lincoln.

4:30—Open air concert, Maryville Concert band.

Evening:
8:00—Concert, Chicago Operatic company.

Monday's Program.

10:00—Domestic science lecture and demonstration by Mrs. Nellie Kodzie Jones.

Afternoon:
2:00—Prelude concert by Chicago Operatic company.

2:45—Lecture, "The Final Test of Our Democracy," Dr. Charles S. Medbury.

4:30—Open air concert, Missouri Ladies' Military band.

Evening:
8:00—Concert, scenes from operas, in costume, by Chicago Operatic company.

Chautauqua is here again. The program did not begin until this afternoon, but the grounds were a busy place early this morning with the rush of the campers moving into quarters. The crowd began coming to the grounds at 1 o'clock, and with two strong numbers, the Zouave band and Lou J. Beauchamp, for the afternoon program, the 1913 session started successfully.

Yesterday The Democrat-Forum printed a list of more than ninety tents that had been set up on the grounds. Six more tents were set up by the management last evening, and many of the private tents are yet to be put on the grounds. Mr. Landon has just eight tents left in stock. Thus the tent city is larger this year than ever before.

A number of people moved into their tents yesterday, and spent the night there. The grounds were lighted and patrolled last night, as they will be throughout the session, and the campers found them comfortable and quiet, with a cool, refreshing breeze that made them the best sleeping place in town. This morning ranges and gasoline stoves were lighted, and the smell of coffee soon permeated the grounds. The real camp life was well under way.

By 7 o'clock the drays and farm wagons began coming to the grounds with the goods of other campers. From that time on there was a rush of moving until the Zouave band struck up its first number.

Tomorrow is another strong day. In the morning the Sunday school convention will be held at 9:30. The afternoon program begins with a short concert by the Chicago Operatic company. (Continued on page 2.)

LARGE CROWD AT BARNARD.

Today Was Biggest Day of the Picnic
at That Place—Has Been a Very
Successful Picnic.

The Barnard picnic will close this evening, after a three days' session. It has been a very successful one, and the attendance today was the biggest so far. M. G. Moran of St. Joseph was one of the speakers today, and a ball game was played this afternoon between Barnard and Whitesville.

Friday at the picnic was Normal day. The program consisted of music by Prof. Maulding's orchestra of Maryville, and speeches from Ira Richardson, president of the Normal, and W. A. Blagg, president of the Normal board of regents. The program given was an excellent one and the large crowd enjoyed it very much. In the ball game between Barnard and Conception, Barnard won by a score of 19 to 1.

The Maryville ladies band, which is furnishing the music for the picnic, is receiving a great deal of praise for the excellent music they are giving.

BADLY INJURED IN ACCIDENT.

Walter Randle of Near Bolekow in
Auto Accident While Returning
From Barnard Picnic.

Walter Randle, living west of Bolekow, met with an accident Friday night while returning from the Barnard picnic in his automobile. He met a team of horses on the road which John Fanning was leading, one of the horses becoming scared and getting right in front of the car. The car struck the horse, causing the machine to turn over with Randle underneath. Randle received three broken ribs, a broken ankle bone, breast bone injured and injuries internally. The horse was thrown a distance of thirty feet. In the car with Randle was R. Roland and three sons, but none of them were injured. Drs. Wood and Best of Bolekow attended Mr. Randle and his condition is serious.

Barnard Picnickers.

Among those who went to the Barnard picnic Saturday morning were Misses Pearl Lawson, Thelma Culverson, Mr. and Mrs. Cornelius Hellard, Mrs. W. A. Fite and children, Mrs. George Eisenman and children, Misses Ruth Fite and Ollie Baker, Mrs. Lee Hudson and daughter, Mr. and Mrs. James Mayes and children, Miss Mary Miller, Mrs. Emma Anderson, George Anderson, Mrs. John McClain, Ethel and Milton McClain, Misses Myrtle Oberlander and Ruth Culp, Misses Cleo and Marie Grundy, Miss Mayne Tilson, Mrs. W. A. Holliday and children.

Here From Kansas City.

Arthur Miller of Kansas City arrived in Maryville Friday night to join Mrs. Miller on her visit to Mrs. Catherine Miller and Mrs. F. P. Robinson.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

IT STARTED TODAY

(Continued from Page 1)
pany. This is the same company which met with such success here last year, and it is sure to draw large crowds. The entire evening program will be given by this company.
The character portrayal of Lincoln given at 2:45 tomorrow afternoon by Benjamin Chapin is one of the most highly recommended numbers on the entire program. Personal friends of the great president who have seen Mr. Chapin in this sketch, say that it is remarkably true to life.
Monday morning the first of Mrs.

CHAPIN AS LINCOLN.

To Appear at the Chautauqua Sunday Afternoon.

Nellie Kedzie Jones' domestic science lectures will be given. The lecture for the afternoon of that day will be "The Final Test of Our Democracy," by Dr. Charles S. Medbury, the pastor of the University Church of Christ of Des Moines, the largest church in the Christian denomination. The music of the day will be given by the Chicago Operatic company and the Missouri Ladies Military band.

Chautauqua Camp Notes.

The Democrat-Forum's Hanam phone number at the Chautauqua grounds is 3690. If you are wanting anyone at the grounds, you are invited to use the phone. And anyone at the grounds wanting to use a phone can use same at The Democrat-Forum tent. In addition to the Hanam, the Farmers phone will also be found at The Democrat-Forum tent on the grounds.

Rev. W. E. Royston and family of Barnard are Chautauqua campers. They will remain during the entire assembly.

The Daily Democrat-Forum will be delivered to any tent on the Chautauqua grounds for 10 cents a week. Leave orders at this office or at the tent on the grounds.

The C. W. C. club went into camp at the Chautauqua grounds on Friday night. The members of the club are Misses Mary, Isabelle and Nellie Jones of Fairfax, Miss Grace Carr of Skidmore and Miss Mamie Pinkston of Oregon.

Rev. A. C. Brown and family of Maitland are also camping on the Chautauqua grounds. Rev. Brown always takes his vacation during the Chautauqua here and always camped out during the week. After the assembly is over here Rev. Brown and his family will go to Kansas City to spend the remainder of their three weeks vacation. Rev. Brown is pastor of the Methodist church at Maitland and is well known in Maryville.

Mrs. Charles C. Moore and Marcia Roxine Cutler went to Barnard Saturday morning to spend the day at the picnic.

News of Society and Womens' Clubs

To Niece's Wedding.

Mrs. M. S. Moore went to St. Joseph Friday evening to visit her daughter, Mrs. O. W. Clark.

Ate Supper on Church Lawn.

The Amoma class of the Baptist church Sunday school gave a picnic luncheon Friday evening on the church lawn.

Returned to Waterloo.

Miss Marie Braniger of Waterloo, Ia., who has been the guest of Mr. and Mrs. R. S. Braniger the past week, left for her home Friday.

Guest From Kansas City.

Miss Nelle Pigg of Kansas City arrived Friday noon to remain during Chautauqua as the guest of Mr. and Mrs. G. B. Holmes at Holmes Heights.

On Visit to Waterloo.

Miss May Murray left Saturday for Waterloo, Ia., to visit her sister, Mrs. William Galloway, for the coming two weeks.

Visited Sisters a Week.

Mrs. James M. Enis of Clyde returned home Saturday from a week's visit with Mrs. T. J. Parle and Mrs. Clarence Merrigan.

Visiting His Parents.

John Lahr and Miss Helen Lahr of St. Joseph arrived in Maryville Friday night for a two weeks' visit with Mr. and Mrs. Matthew Lahr.

On Visit to Hopkins.

Misses Alma and Mabel Coker of Burlington Junction were in Maryville Saturday on their way to Hopkins to visit Mr. and Mrs. Elmer Coker.

Visiting in Savannah.

Mrs. Earl Baker and Margaret Maurer of Springfield went to Savannah Friday evening to visit Ray Peterson and family and attend the Chautauqua in progress there.

On Visit to Son.

Mrs. J. C. Archer left Saturday for St. Paul, Minn., to spend several weeks with Blaine Archer, who is general manager of the National Automobile company at St. Paul.

Guests From Bolekow.

Miss Helen Dunn of Bolekow and Miss Dorothy Dunn of Chicago arrived Saturday noon and are the guests of Miss Ella Walton Frank and Misses Geneva and Marjory Whitley.

Married by Rev. Miller.

Miss Gladys Patterson and Everett C. Wright of Graham were married at noon today by Rev. C. J. Miller, pastor of the Christian church of this city. The couple was attended by Mr. and Mrs. H. C. Wright.

Brought Guest From St. Joseph.

Miss Nellie Hudson returned Friday night from a ten-days' visit in Bolekow with Miss Irene Dodds. She was accompanied home by Miss Grace McAnulty of St. Joseph, who will be her guest for several days.

Will Camp at Bridgewater.

A camping party composed of Mrs. Dora Martin and her guests, Mr. and Mrs. Edward Lippman and children of St. Louis; Mr. and Mrs. Fred French and Don Martin will go into camp Saturday evening at Bridgewater and spend a week there.

Married Thirty-Three Years.

Mr. M. Nusbbaum returned Saturday from Plattsburg, where he spent the day Friday with Mrs. Nusbbaum at the home of Mrs. A. Swike. The day was the thirty-third anniversary of their marriage, which was observed informally at their daughter's home.

Went to Barnard Picnic.

Mr. and Mrs. G. L. Allen went to Barnard Friday evening to attend the picnic, returning on the next train. They took a surprise picnic supper along and enjoyed it with their daughter and sons, Miss Dora Allen and Harry and Fay Allen, who went the first day. Miss Allen belongs to the Missouri Ladies Military band.

Will Go to Wyoming.

Mr. and Mrs. T. H. Young, the newlyweds at Skidmore, whose marriage in Atchison, Kan., on the 16th of July was accidentally discovered a week ago, will go to Wyoming in the fall. Mr. Young is the contractor on the American Sheep company's ranch at Gillette, Wyo. Mrs. Young was Miss Ethyl A. Linville, the daughter of Mr. and Mrs. J. S. Linville of Skidmore, one of the best known families in the county.

On Trip to Colorado.

Mrs. W. A. Miller and daughter, Mrs. R. S. Braniger, Mrs. E. J. Hoge and Miss Alice Braniger of Caldwell, Col., left Saturday morning on a trip to Colorado. Mrs. Miller will be joined at Omaha by her mother, Mrs. C. Webster of Wapello, Ia.; Miss Anna Webster of Fairfax, Neb.; Mrs. Kate Stew-

art and Miss Stewart of Butte, Neb., for a visit at Denver, Colorado Springs and Pueblo. Mrs. Braniger and her guests will spend two weeks at Laura, Col., before going to the Colorado summer resorts.

Her Eighty-Fifth Birthday.

Mrs. Amanda Young was given a very pleasant surprise at her home Friday evening by her neighbors, who had found out that the day was her eighty-fifth birthday anniversary. They gathered at her home and spent the evening with her, taking a luncheon of ice cream and cake. Mrs. Young is in very good health for one of her years and enjoyed the evening as much as any of her guests. She is among Maryville's oldest residents and has many friends who are glad to know that she is still able to keep her home and attend to its duties. The guests of the evening were Mrs. Leonard Byers, Grandma Byers, Mrs. Arthur Warner, Mrs. C. A. Cunningham, Mrs. Mildred Townsend, Mrs. Teaney, Mrs. Oberlander, Miss Merl Oberlander, Mrs. Anna Basford, Mary and Grace Stundon, Mrs. Fullerton.

Traveled 3,500 Miles.

Miss Margaret Beattie of Newport, Ark., arrived in Maryville Wednesday night on her annual visit to her brother, Mr. M. L. Beattie, and Mrs. Beattie. Miss Beattie has just returned from a seven weeks' automobile trip in the east with a party of St. Joseph friends. They traveled 3,500 miles and the entire trip was made without mishap. The party left St. Joseph the 16th of June and took the inter-state Iowa road to Des Moines and then the blue book route to Chicago, South Bend, Cleveland, Buffalo, Rochester, Syracuse, Albany and across the Hudson river to Crittfield, Mass., and on through the Berkshire hills to Bridgeport, Conn., and then to New York City, where several days were spent in sight seeing. Atlantic City was the next place for stopping and after that Washington, D. C., where the longest stay of the trip was made. From Washington the travelers took the trail over and through the Allegheny and Cumberland mountains, indescribable in scenic beauty and grandeur, to Wheeling, W. Va.; Columbus, O., on the national pike road to Indianapolis, then Springfield, Ill., and on the homebound road, the Quincy-Hannibal, to St. Joseph. It was a wonderful trip. No time tables to follow or interfere with anyone's pleasure or convenience. Side trips and stopovers were taken at will, and the car was driven fast or slow to enjoy the wonders and beauty of whatever attracted the travelers. The roads were good nearly all the way and the few mudholes encountered would be an oasis in Nodaway county just now.

To Niece's Wedding.

Mrs. A. R. Robinson, living northwest of Maryville, left Friday evening for Purcell, Okla., to attend the wed-

ding of her niece, Miss Gladys Wertz, to Mr. Frank Clark of Oklahoma City. The marriage will take place on Sunday, August 10. Mr. Clark is in the abstract business in Oklahoma City, where they will make their home. Miss Wertz visited in Maryville last summer with Mrs. Harry Harrison, Misses Eva and Fay Sprecher, and Mrs. Robinson, northeast of Maryville. Mrs. Robinson expects to be gone about ten days.

Miss Josephine Keeler went to Clyde Saturday to visit relatives.

First Church of Christ, Scientist.

"Spirit" is the subject for the lesson-sermon at the First Church of Christ, Scientist, Sunday morning at 11 o'clock.

Sunday school at 9:45 a. m.

Wednesday evening prayer meeting at 8 o'clock.

All who come will be welcomed.

Went to Kansas.

Mrs. W. C. Irwin and Miss Mary Irwin went to Highland, Kan., Saturday morning to visit over Sunday with Mr. Irwin, who is employed there.

Winona Wagons

When you buy a Wagon why not get the best? One that will carry all four horses can haul over the best roads.

Come in and let us show you what "WINONA" means. We are also well supplied with Farm Trucks, Extra Wagon Buses, Gas Engines, Pumping Engines, Pump-jacks, Storage Tanks, Drilling Tanks, concrete or galvanized. Plenty of Low Down Spreaders. One, two, three and four-horse Wheat Drills. One-horse A Harrows and Garden Plows.

Metal Grain Bins and McDonald Pitless Scales

Yes, we have both Oliver and Case GANG, SULKY and WALKING PLOWS, too. In fact everything belonging in our line.

No better regulator for the liver and bowels. Every pill guaranteed. Try them. Price 25c, at the Orear-Henry Drug Co.—Advertisement.

LOSS TO CORN IS 300,000,000 BU.

Agricultural Department Out With Its Report.

KANSAS HIT HARDEST OF ALL.

Oklahoma Second Worst Hurt and Nebraska Third—Winter Wheat Crop of Country Is in Bumper Class—Oats Seem to Be Coming Well.

Washington, Aug. 9.—The loss of 300,000,000 bushels of corn, the nation's greatest farm crop, has resulted from the great damage wrought by drought and other conditions since July 1, the government's agricultural experts estimated in their August crop report. A total production of 2,672,000,000 bushels of corn was predicted. This is 452,000,000 bushels less than last year's crop.

The general condition was placed at 75.8 per cent of a normal, compared with 89.1 on July 1. Kansas was hit hardest, the condition having been reduced from 81.6 per cent in July to 30 per cent on Aug. 1. Oklahoma came next, with a condition of 44, against 87 in July, and Nebraska reported 67 against 91 July 1. These three states have almost 19 per cent of the total area planted to corn this year. Iowa reported 85, against 89 in July and Missouri 70, against 81 July 1.

Bumper Winter Wheat Crop.

A bright spot in the monthly grain report, however, was the preliminary statistics showing a production of 511,000,000 bushels of winter wheat. This is the greatest harvest of wheat ever gathered in the United States, exceeding the record crop of 1902 by 10,000,000 bushels. The figures exceeded by 28,000,000 bushels the estimate made by the department in July.

Spring wheat, too, was given an increased estimate of production, it being 15,000,000 bushels more than the July estimate, the total being placed at 233,000,000 bushels. With the bumper winter wheat crop and a fairly good spring wheat production, the total harvest of all wheat is estimated at 744,000,000 bushels. A crop this size would place the year's production second only to the record crop of 1901, when 748,000,000 bushels were produced.

Details of Crops.

Reports made on each crop follows:
Corn—Condition, 75.8 per cent of a normal; indicated yield, 25 bushels per acre, estimated production 2,672,000,000 bushels.

Winter Wheat—Preliminary estimate of yield, 16.5 bushels; total production, 511,000,000 bushels; quality, 93.7 per cent.

Spring Wheat—Condition, 74.1; yield, 12.5; production, 233,000,000.

All Wheat—Yield, 15; production, 744,000,000.

Oats—Condition, 73.1; yield, 26.8; production, 1,028,000,000. Oats remaining on farms Aug. 1, 102,900,000 bushels, compared with 34,827,000 bushels last year and 67,793,000 bushels in 1911.

Barley—Condition, 74.9; yield, 23.1; production, 168,000,000.

Rye—Acreage, 2,134,000; preliminary estimate of yield, 16.3; of production, 35,000,000; quality, 94.

Buckwheat—Condition, 85.51; acreage, 841,000; yield, 20.1; production, 17,000,000.

White Potatoes—Condition, 78; yield, 92; production, 339,000,000.

MONEY FOR MOVING CROPS

Bankers Talk the Matter Over With Government Officials.

Washington, Aug. 9.—Fifty bankers from the large cities of the central west conferred with Secretary McAdoo and Assistant Secretary Williams regarding the distribution that section's share of the \$50,000,000 of treasury funds about to be deposited in banks for the movement of crops.

With a tentative decision reached to place \$25,000,000 in the south to assist in moving and marketing cotton and other crops, the principal question discussed was the division of the remainder between the middle and far west. The bankers generally, it was stated, were enthusiastic over the prospect of government assistance.

Secretary McAdoo made it clear to the bankers that while he felt impelled to deposit the money in the large centers in the agricultural belts, he would insist that the big banks receiving the funds should pass them along to the smaller or country banks at reasonable rates of interest. The treasury department is powerless to name the rate of interest, but the condition of reasonableness will be imposed.

Assistant Secretary Williams indicated to the bankers that the government would place a very broad construction on commercial paper to be accepted as security for the deposits. It will include not only regular customers' loans, but paper based on all stable commercial and agricultural operations.

Plant of Oil Company Destroyed.

Philadelphia, Aug. 9.—Four large manufacturing plants were threatened with destruction, several firemen were burned or overcome by smoke and many families had to flee from their homes when the plant of the Union Petroleum company, which occupied an entire block, was destroyed in a spectacular fire. The loss is \$123,000.

DEMONSTRATION IS PLANNED

Mexicans to Show Their Approval of Huerta's Course.

ALL CLASSES TO PARTICIPATE

Crowds Will March Through Streets of Mexican Capital and Speeches Made—Government May Not Let Lind Land.

Mexico City, Aug. 9.—What promises to be a gigantic demonstration of popular approval of the attitude taken by President Huerta regarding the coming to Mexico of John Lind, President Wilson's personal representative, has been planned by the student element, led by instructors, for tomorrow.

The demonstration will not assume an anti-American character, it is stated, although the public generally finds difficulty in separating the idea of anti-Americanism from pro-Huertism, as displayed in the attitude of Huerta toward the United States.

It is announced that the demonstration will be participated in not only by students, but all classes of the people. The crowd will march through the streets, halting at convenient places for speech making.

No new official declaration affecting the attitude of the government toward Mr. Lind was made, but there is some reason to believe that the government seriously is considering going to the length of not permitting Mr. Wilson's representative to land at Vera Cruz.

Nelson O'Shaughnessy, the American charge d'affaires, acting under the instructions of Secretary of State Bryan, reassured the foreign office again of the friendly character of Mr. Lind's visit, reiterating in substance the previous note of Mr. Bryan, in which Mexico was requested to reserve judgment until the arrival of Mr. Lind.

The alarming character given the mission of Mr. Lind was attributed to sensational newspaper reports.

Mr. Lind will not arrive in Mexico City before tomorrow.

Tension Is Conspicuous.

Washington, Aug. 9.—Tension of the Mexican situation was conspicuous in official circles.

After a conference with President Wilson at the White House, Secretary Bryan announced he had received the message from Manuel Garza Adelpe, acting minister of foreign affairs, declaring on behalf of President Huerta that the presence of John Lind will be undesirable in Mexico, unless he brought recognition of the Huerta government.

Mr. Bryan said there was no change in the plan with respect to Mr. Lind's mission. The president had taken the position that it was incredible that the Huerta government would refuse to receive an envoy bound on a peaceful mission.

Following the conference with President Wilson, Secretary Bryan issued the following statement:

"The statement of the Mexican foreign office was based on misrepresentation, for which this government is not responsible. In sending Governor Lind as adviser to the embassy, the president is entirely within his right and this department will not assume that his going will be regarded as unfriendly when the character of his mission is understood."

SULZER PLAYS MARKET

New York Governor Heavy Loser in Stock Exchange Speculations.

New York, Aug. 9.—Governor William Sulzer's speculations in the New York stock market came out in the open before the legislative committee.

The testimony showed the governor a heavy loser and indicated that while he had a \$26,000 debit against him with one exchange firm, he used campaign contributions to speculate with another broker.

A clerk for a stock exchange house identified the mysterious account No. 500 as Sulzer's and a member of another firm, Melville Fuller, not only admitted that Sulzer had been a customer with a debit account running to nearly \$50,000, but added that he was testifying with lips unsealed at the governor's suggestion.

The clerk who testified said he had been told that account No. 500 was the governor's, his employer adding that he was proud to have the governor's account.

Further testimony was adduced and a list of checks introduced tending to show that part of the speculation was carried on with funds contributed to Sulzer's gubernatorial campaign. None of these checks were reported in the governor's sworn statement of campaign contributions. This, according to counsel for the committee, constitutes violation of the corrupt practices act, conviction of which would mean automatic disbarment from holding any public office.

Plane Beats Train in Nonstop Race.

Washington, Aug. 9.—C. Murvin Wood, the American aviator, who attempted a nonstop race in his monoplane with a train from New York to Washington and thence to Fort Meyer, Va., for exhibition flights, reached his destination after he had been compelled to interrupt his flight on a farm near Gathersburg, Md., sixteen miles from Washington. Wood won his race with the train, making the landing at Gathersburg forty minutes before the train rolled into the Union station.

No Furnace Ever Built Has Met With Such Universal Praise the Country Over Because the

XXTH CENTURY FURNACE

FIREPOT HAS SPECIAL FEATURES—It is built on an exclusive patent that gives a free circulation of air at all times and preserves the firepot.

BURNS ALL KINDS OF FUEL—Especially slack and cheap grades of soft coal with perfect results, as well as hard coal, gas and coke.

BURNS THE FUEL IN A CIRCLE—Around the outer edge and toward the center with perfect combustion, giving the greatest heat from the least fuel.

WITH ITS PATENT REGULATOR—Holds the fire, even with soft coal, for 48 hours and saves the vexing labor re-kindling the fire.

CONSUMES NEARLY ALL THE GASES AND SMOKE—Saving about half the fuel. In most furnaces they escape through the chimney, being a fuel waste.

AVOIDS PUFFING GAS OR SOOT—Even in burning soft coal, thus keeping the house entirely free from particles.

HAS THE IMPROVED DROP FRONT GRATE—Making it the simplest and easiest cleaned of any furnace made. The entire grate is easily removed.

Before buying call at South Side Hardware and see the XXth Century.

C. A. BARBOUR, South Side Hardware

In City Police Court.

Mayor Robey as police judge fined Frank Fanning for being drunk and disturbing the peace. He was given a fine of \$2 on each charge, and with the costs amounted to \$16.10 in both cases.

FELT BAD ALL THE TIME

Shellhorn Lady Suffered a Great Deal, But Is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die. At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well. I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health. As a remedy for woman's ills, it has a successful record of over 50 years. Your druggist sells it. Please try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

Donald L. Robey

SOY BEANS—WHY NOT?

What One Man Thinks of It That Should Interest Every Farmer.

The following article on soy beans was written by Abram Bunn and is taken from the Country Gentleman:

It was a big Missouri stockman who told me, as a joke on himself, how he had gone to the races one day when he ought to have been cutting his cowpeas, and the next morning found the cowpeas a tumbled mass of frozen ruins. Right there is the limitation of the cowpea. With the soy bean there is another story.

Early in the work of trying out soy beans I began planting several varieties late to see what would happen; and it was not long before things did begin to happen. The 1910 planting was made the first week of July. One variety was caught in the fall when the pods, leaves and beans were still green. The vines were apparently destroyed. Just before Christmas I waded through the snow and collected beans from the pods in this variety, which I had allowed to stand. These beans gave me a germination of 96 per cent.

The next year I planted in the last week in June eight yellow and green, and seven black sorts. All but two matured before freezing weather; but these two were caught again with green beans, pods and vines, and the vines were killed. This entire planting was allowed to stand out all winter. Late in February I took seed of each variety, from above and below the snow, and 99 per cent grew.

This same fall (1911) a friend had four acres which he was unable to harvest because the ground was low and wet. Supposing that the seed was destroyed by winter weather he turned his hogs in on the field during the winter and early spring. Seed from this field also showed almost perfect germination.

Both in his field and in mine there was a strong volunteer seeding in 1912 from seed that had scattered from the pods. At oats plowing, in mid-April, his plants had not been injured by the spring freezes. I allowed mine to stand throughout the summer and gathered seed in the fall. My field was small, and as I wanted to find out more about the soy bean I lost the crop and watched the field.

In the fall when I came to take in seed I found that only the black-seeded sorts had volunteered or, rather, had survived. There was a strong stand where shattering of seed was strong, and a fair stand where the shattering was light; but every black kind had pulled through and every yellow and green kind had fallen.

The inoculation in this little field was rather remarkable. Single plants, roughly dug with a shovel and washed in a near-by pond, showed as high as 170 nodules still sticking to the roots. The nodules about the crown were so crowded that often they lay above the ground and were greened from exposure.

Having in mind the experience of my friend, whose beans could not be harvested because of the wet ground and who hogged them down successfully during the winter and early spring, I allowed my 1911 field to stand until March 1, 1912, to see what difference there was in the ability of the fifteen varieties to hold their seed; and the result was well worth the loss of the crop. Haberlandt, the most promising, if not the best, of the black sorts, lost only 5 per cent of seed from the fall and spring freezes and thaws; other varieties lost as high as 60 per cent under the same conditions.

In 1913, having in mind the volunteer crops that pulled through spring frosts, I made several plantings of soy beans to find out how early it is safe to plant them. Plantings were made in my garden on March 25, April 10, 16 and 24. A field planting was made on a near-by farm late in April.

My planting of March 25 was unfortunately dug up when the garden was spaded; but examination that evening showed that the Sable (black) had perfectly healthy sprouts, whereas the sprouts on the Haberlandt (yellow) had browned at the ends.

The remainder of the plantings came up, passed safely through a heavy hailstorm early in May, passed through the frost of the night of May 10, but were badly hurt in the unusual freeze of the night of May 11. Thirty per cent of the inoculated and 80 per cent of the uninoculated plants of the seeding of April 10 went down and out; practically all of the uninoculated plants of the seeding of April 16 and of one variety of the seeding of April 24 were ruined. Half of the uninoculated plants of the seeding of April 24 of Haberlandt and Sable pulled through without injury.

This freeze was abnormal and untimely. It followed hard on a period of warm, growing weather; and it was so severe as to destroy our plums, a large part of our young apples and locust leaves, and to injure garden peas. Nevertheless the Peking soy beans in the near-by acre were not injured. In the field they pulled through the hardest May frost in many years.

Volunteers seedings in 1912 and 1913 were in excellent condition, without exception; at oats plowing, which is about the middle of April. Of course, the weeds helped to protect the young plants in these fields. Though the evidence is not conclusive, it is quite clear that the soy bean will stand much more punishment both in spring and fall than has been supposed.

As to latitude in time of planting the soy bean stands in a class by itself. It has matured seed of fair germination from a planting in corn at the last cultivation, late in July. It has matured a fair crop of seed from a volunteer seeding in April. It has uniformly matured seed when planted as late as July 1st, and this even with late maturing sorts, such as Holbrook.

The possibilities of the soy bean for silage with corn, for cover-crop work, catch crop, green soiling, hay, grain and hogging down have not begun to be charted. Moreover, what happens when a crop of inoculated soy beans is grown is not told in a single season. I have noted the sharp difference between the wheat following the soy beans and that following the oats, side by side; and when it came to the harvest the swarth had to be narrowed on the soy bean part of the field because of the added weight of grain and straw.

If we must have oats for our horses why not buy them? Let those who can make oats pay grow them for us. Let us grow soy beans and turn them into butter, eggs, meat and soil fertility, and from these sources of income far more than enough to pay for the oats the horses will use.

One thing more. Each district apparently must find out from experiment which of the varieties is adapted to its conditions.

The soy bean is going to do for the north what the cowpea is doing for the south, and it is going to do more. It will ultimately make us largely independent of the offmeal for which we now pay tribute to the south and will lower the price of the mill feeds used so heavily in our dairying.

It is surprising, therefore, that seed houses are still either silent on the subject of the soy bean or are clinging to varieties that should long ago have been discarded in favor of the newer and more prolific sorts. The day of the Medium Yellow, Ito San and Medium Green for grain production has gone by; the Mammoth Yellow is moving north for hay making, for silage and for turning under; and for grain the older varieties must make way for the Haberlandt, the Swan, the Mikado and the Mongol of the yellow sorts, and the Wilson, the Sable and the Peking of the black.

LIVE STOCK MARKETS.

Fell On a Spike.

Dorothy, the 6-year-old daughter of Mr. and Mrs. Robert Hostetter of Clearmont, fell on a spike while playing about the cave at their home Saturday morning, which penetrated her abdomen. The physician summoned to care for her cannot yet tell how seriously the child is hurt.

No Council Meeting.

No meeting of the council was held Friday evening as there was no quorum.

Mr. and Mrs. W. E. Ellsworth of Mill Grove, Mo., who have been attending the summer school of the State Normal, left for their home Friday evening. Mr. Ellsworth is superintendent and Mrs. Ellsworth a teacher of the Mill Grove schools.

Misses Lulu and Lettie Miller, Miss Ruth Young and Messrs. Dan O'Connell and Obed Oglesby went to Barnard Saturday morning to attend the picnic. They will be guests of Mr. and Mrs. R. L. Houghtaling and Mr. and Mrs. Perry Miller.

Misses Elsie and Gertrude Smith went to Kansas City Saturday morning to visit Mrs. Bud Trueblood. On their way home they will visit in St. Joseph with Mrs. Edward Burdick and Mrs. C. C. Clark.

Miss Lucy Archer of Clyde is visiting her cousin, Miss Conway, Thursday and Friday at St. Francis hospital, who was operated on for appendicitis and is doing finely.

"The Unwritten Law of the West," "Out and In," "The Fashion Show," or the Tale of a Black Eye," and "The Dream Home" at the Star theater tonight.

Mrs. A. W. Bagby returned Friday evening from a visit with friends and relatives at Skidmore. Miss Beulah Bagby will return Saturday evening.

Mrs. R. A. Alkire and Miss Gladys Beadle went to Barnard Friday evening to attend the picnic and visit Mrs. Lowell Campbell and family.

Donald Goforth returned Friday from a week's visit with his grandparents, Mr. and Mrs. W. H. Goforth of Bolckow.

Charles Botteroff of Savannah, who has been attending the summer term of the Normal, returned home Friday evening.

Lucile and Harlan Strong returned Friday evening from a week's visit with their grandmother, Mrs. W. R. McKee.

Mrs. F. L. Mawhinney and Mrs. A. H. Elbert of Blanchard, Ia., were in Maryville Friday on their way to Bedford to visit Mrs. F. L. Wetmore.

Mrs. Frank Reynolds and children, who have been visiting relatives here, went to Amazonia Saturday morning.

Edward Eversole of Kansas City arrived in Maryville Friday on his vacation visit with Maryville relatives.

Miss Ruby Bishop of Parnell, who has been spending the summer here, returned to her home Thursday.

Miss Myrtle Chappell went to Barnard Saturday morning to visit Mr. and Mrs. Emmett Goff.

Miss Maud Roach went to Kansas City Saturday morning to the wholesale millinery houses.

Mr. and Mrs. G. W. Watson of Jamesport went to Pickering Friday to visit Mrs. Rebecca Hewitt.

Mrs. W. F. Moyer went to Barnard Saturday morning to visit her sister, Mrs. C. Buttman.

Mrs. H. S. Schoonover and children went to Kansas City Saturday morning to visit friends.

Miss Golda Adcock went to Barnard Saturday morning to visit Mrs. Harvey Waugh.

Miss Golda Airy attended the Barnard picnic Friday evening.

Children Cry FOR FLETCHER'S CASTORIA

Elmo Still After Light.

Elmo is trying to have electric lights, the Clarinda Electric Light company to furnish the current. Mr. Lee of that company was in Elmo this week and talked the proposition over with the town board. The difficulty is whether a foreign corporation can do business in Missouri without a permit, and the best way to obtain the permit. However, it is thought all difficulties can be overcome and lights be had at Elmo by October 1. A franchise will have to be granted by a two-thirds vote.

To Meet August 15.

The State Association of Rural Mail Carriers will convene in Kansas City at its third annual session August 15 and 16. The delegates from Nodaway county are J. S. Muntz of Maryville and O. G. Null of Pickering. Postmasters are now authorized to grant carriers leave of absence in order that they may attend meetings of their association.

Organization Perfected.

A meeting was held last night at which an organization was perfected of the Fraternal 22 club, being a mutual sick benefit society composed of twenty-two members. The officers selected were Arthur Garten, president, and Dee Callahan, secretary. The assessments are 50 cents a week.

Returning to Oklahoma.

Misses Lucile and Frances Griffin left Saturday morning for their home in Claremore, Okla., after a summer's visit with their grandparents, Mr. and Mrs. Theodore Miller. They were accompanied as far as St. Joseph by Miss Mabel Miller.

Sues On Notes.

A suit filed Saturday by Shinabarger, Blagg & Ellison was for the Farmers Trust company against Harry Brumbaugh. The first count is for \$75 and interest, the second one for \$57.47 and interest, and the third one for \$600.

On Vacation Trip.

Mr. and Mrs. W. F. Smith left Saturday on a two weeks' trip to St. Louis, Hannibal and Poplar Bluffs, Mo.; Bushnell and Chicago, Ill. They will visit their daughter, Mrs. Blake Alexander, at Bushnell.

Returned From Vacation Visit.

Rev. and Mrs. C. J. Miller returned Friday night from a three weeks' vacation visit in Grundy Center, Des Moines and Eldora, Ia. At Grundy Center they visited Mrs. Miller's parents.

A Large Wheat Average.

Gus King of Clyde was in the city Saturday. He reported that his wheat averaged 40 bushels to the acre for a 45-acre tract. His oats also ran 62 bushels an acre for a 10-acre tract.

"The Unwritten Law of the West," "Out and In," "The Fashion Show," or the Tale of a Black Eye," and "The Dream Home" at the Star theater tonight.

Mr. and Mrs. L. G. Summerville and son left for their home in Blythedale Friday. Professor Summerville has been attending the summer term of the Normal. He is superintendent of the schools at Blythedale and a brother of Professor G. W. Summerville of the Pickering schools.

Suffered Eczema Fifty Years—Now Well.

Seems a long time to endure the awful burning, itching, smarting, skin disease known as "tetter"—another name for eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure.

Mrs. D. L. Kenney writes: "I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." All druggists, or by mail, 50c.

MARYVILLE, MISSOURI, SATURDAY, AUG. 9, 1913.

NO. 58.

THIS IS THE NINTH

NIGHT PREVIOUS CHAUTAUQUAS
HAVE BEEN HELD HERE.

FIRST AT HIGH SCHOOL

One Was Under Redpath-Vawter Man-
agement, While the Others Have
Been Guided by Local Men.

Today was the opening of the ninth annual Chautauqua for Maryville, eight of them being in charge of local men and one by the Redpath-Vawter bureau and under the direction of men here. To those who have lived here during the past eight years or who have attended every session of the Chautauqua, it will hardly seem that they have heard as many good lecturers and excellent orators as they have.

A resume of past history of the Chautauqua held here at this time will be very opportune.

The first session of the Chautauqua (then known as the Maryville, instead of Nodaway county, Chautauqua) was held at the Central high school park. It was under the management of W. F. Smith of this city, and S. M. Holladay as superintendent. There was no local company back of them. Some of the attractions that year were Captain Richmond P. Hobson, Rev. Mary Guy Pearce of London, G. A. Gearhart, George W. Bain, Lou J. Beauchamp, Dr. Wm. A. Colledge and P. G. Holden. It was held from August 19 to 27, 1905. At this Chautauqua there were a number of campers on the high school grounds, who stayed during the entire week.

The second annual assembly was also held at the high school park and was under the same management as the first one, Messrs. Smith and Holladay. It was held from August 18 to 26, 1906. The program contained Senator Elmer J. Burkett, Dr. Newell Dwight Hillis, Lou J. Beauchamp, G. A. Gearhart, Rev. L. B. Wickersham, Father L. J. Vaughn, Rev. S. Parks, Rev. James H. Batten, the Kaffir boy choir, Cady's Cadet band and Forrest C. Donnell.

The third annual Chautauqua was held from August 17 to 25, 1907, at the high school park under the management of Messrs. Smith and Holladay. The notables on the program were Dr. Frank W. Gunsaulus, Dr. Thomas E. Greene, Prof. J. Ernest Woodland, Senator J. P. Dolliver, S. A. Long, Dr. R. R. Lloyd, H. W. Sears, Mrs. Irene Hitchcock Bartlett, Prof. George W. Bicknell, Dr. John Merritt Driver, Frank H. Gamel, Chicago Glee club, Bishop Matt S. Hughes, Rev. L. B. Wickersham, Nat M. Brigham.

The fourth Chautauqua was under the management of the Normal, and the committee in charge were President H. M. Cook, R. H. Emberson and Prof. P. O. Landon. It was held in the Normal park, being the first one to be held there. The dates were August 1 to 10, 1908. The program had the following notables: Richmond Pearson Hobson, Dr. George L. Robinson, Dr. W. J. Dawson, Nels S. Darling, Allen A. Tanner, John Sharp Williams, Thomas B. Fletcher, Edmund Vance Cooke, Dr. Dan McGush, Dr. C. M. Chilton, Governor J. W. Folk.

The fifth Chautauqua was also held at the Normal park and was under the management of Prof. P. O. Landon, H. H. McMaster and Prof. George H. Colbert. It was given August 21 to 29, 1909. The program contained Edmund Vance Cooke, Dr. Gabriel R. Maguire, Jeffries' band, Dr. Geisel, Governor John A. Johnson, Castle Square Entertainers, Edwin Brush, Rev. Fr. MacCorry, Dr. James S. Montgomery, the New Zealanders, Caleb Powers, Hugh Dewitt Miller.

The Chautauqua held the next year,

August 12 to 18, 1910, was under the direction of a committee composed of George B. Baker, James B. Robinson, Joseph Jackson, Jr., George L. Wilfley, Anderson Craig, Prof. George H. Colbert. The program was furnished by the Redpath-Vawter bureau, and the assembly was held in the park east of the Franklin ward school house. There were no camper tents that year. The program consisted of the Royal Italian Guards band, Edward Russell Perry, Kirksmith Sisters orchestra, Dr. Mattison W. Chase, Dr. A. A. Willets, George R. Laird, Kryl's band, Ruthven McDonald, Rev. P. J. MacCorry, Judge Lybarger, Music Makers quartet, S. W. Gillilan, Congressman Henry T. Rainey and William Jennings Bryan.

The next Chautauqua, August 12 to 20, 1911, and under the management of Prof. P. O. Landon, was held at the Normal Chautauqua park. The program contained Senator Thomas P. Gore, J. Frank Hanley, Dr. Gabriel R. McGuire, Thomas Brooks Fletcher, Father C. Arthur Macleod, Dr. L. G. Herbert, Dr. C. B. Becker, Edward Amherst Ott, John B. Batte, Ralph Parlette, Hinshaw Grand Opera Quartet company, Apollo Concert company, Kaffir boys choir, Lulu Tyler Gates.

The eighth annual Chautauqua was held August 10 to 18, 1912, at the Normal Chautauqua park, and was under the management of a stock company, the board of directors being composed of W. M. Oakerson, Dr. J. S. Ford, Rev. C. J. Miller, P. O. Landon of Maryville, Dr. Rowlett of Graham, Fred Miller of Barnard and Ed Wolfers of Hopkins. It then became known as the Nodaway Chautauqua. The talent consisted of Dr. J. Adams Puffer, Chicago Operatic company, Bishop S. C. Partridge, Dr. Robert Parker Miles, Dr. Charles L. Pattenburg, Byron's Troubadours, Mrs. Leonora M. Lake, Richard Yates, Judge F. P. Sadler, Rev. George R. Stuart, Forbes Pipe band, Will B. Otwell, Henry E. Joy, Mendelssohn quartet, Mrs. Lulu Tyler Gates.

The Chautauqua this year is also known as the Nodaway Chautauqua. It is being held at the Normal Chautauqua park and is under the management of a stock company, duly incorporated for \$3,000. The board of directors is composed of Judge W. C. Ellison, president; P. O. Landon, secretary and manager; Ed C. Wolfers, Jr., of Hopkins; Nat Sisson, W. M. Oakerson, Louis White, Ernest Wray and J. H. Thorp of Maryville, and Fred Miller of near Barnard. The annual meeting of the stockholders is to be held at the Chautauqua tent on Thursday afternoon at 4:30 o'clock, when the election of the board of directors will take place and other business matters taken up.

\$1,500 LESS TO SCHOOLS.

State Fund Less Than Last Year, But
Enough to Make Up Deficiency
Comes From Other Funds.

Nodaway county rural school districts are to receive \$17,249.46, according to the apportionment of the state schools money by State Superintendent of Education W. P. Evans. This apportionment was made on the basis of the number of teachers employed last year, the salaries paid and the average attendance. This is under the law passed two years ago, which is intended to stimulate the employment of better teachers and better attendance in the public schools which determines the amount of money each school district will receive.

The apportionment last year was \$18,796.17, more than it is this year. But this year, the rural district schools in Nodaway will receive \$1,120.71, and also the high schools at Barnard, Hopkins, Skidmore, Pickering and Burlington Junction will receive some money from the state on account of the state aid school law which only became a law recently. So the schools of the county will receive this year more money than they did last year.

Took State Examination.

Miss Bennie Dunnaway of Noble, Okla., who will teach English in the high school of Savannah Friday evening, having taken the state teachers' examination here Thursday and Friday. Miss Dunnaway also attended the summer school of the State Normal here. She holds a state certificate from Oklahoma.

Mr. and Mrs. John Jacobs went to St. Joseph Saturday morning to visit their son, Asbury Shelton, and family.

SURE A HOT NIGHT

78 MINIMUM BREAKS AUGUST
NIGHT HEAT RECORDS.

WAS 105 TODAY AT 2:30

Friday Temperature Reached 107,
Which is Second Highest Mark
This Year—Today Was Hot.

For five days and four nights the mercury has not been below 73 degrees, and each of these five days it has been 100 and more, making the present heat wave one of the most severe since the weather bureau records have been kept. At 2:30 this afternoon it was 105 by the government thermometer.

The forecast is for showers tonight or Sunday.

Friday night and Saturday morning were the hottest that has been recorded by the government thermometer this summer, and was the hottest night that it has recorded in August since the weather records have been kept. The lowest minimum temperature during the night was 78. Many were complaining today of the hot night and of the hard time they had sleeping.

The hottest night, according to the records, was on July 9, 1910, when it was 89. It was 79 on July 14, 1908, 79 on July 26, 1894, and 81 on July 28, 1894. On July 5, 1911, it was 78. There have been many nights during this summer when it was hot. For instance, it was 73 on August 8, 74 on August 3, 75 on July 29, 74 on July 30, 76, 17 and 30, 75 on July 15, 76 on July 14.

The temperature on Friday was 107.

DEATH AT PICKERING.

Mrs. Charles Strong Passed Away Sat-
urday Morning After Several
Weeks' Illness.

Mrs. Charles Strong of Pickering, mother of Howard and Delmar Strong of Maryville, died at her home in Pickering Saturday morning, after an illness of several weeks.

The funeral services will be held Sunday afternoon at 2:30 o'clock from the Christian church at Pickering. Burial in White Oak cemetery.

Mrs. Anna M. Strong was born in Wayne county, Kentucky, October 20, 1845. She is survived by her husband, two sons, Howard and Delmar Strong of Maryville, and a daughter, Mrs. Bishop of Los Angeles, Cal., who has been here two or three weeks.

HERE FROM OKLAHOMA CITY.

Mrs. Hunt Has Witnessed That City's
Entire Growth—Went to First
School in a Tent.

Mrs. W. T. S. Hunt and two sons of Oklahoma City arrived in Maryville Saturday noon on a visit to her husband's relatives, Mr. and Mrs. A. L. Oakerson, and others.

Mrs. Hunt went to Oklahoma with her parents from Alabama when she was 6 years old, when Oklahoma was opened, in 1889. She began school life very soon after in a tent, and it was with pardonable pride that she said on the way up town from the depot: "And now we have the greatest high school in the world. The building is of marble and granite, and there is no building one can think of that it resembles so much as the congressional library at Washington, D. C."

Then Mrs. Hunt looked around and said just what all Oklahomans do when they come to Maryville:

"Oh, what beautiful trees! It is certainly hard for us to do without them. What a noisy pavement this is. Oklahoma City has about 300 miles of asphalt pavement as smooth as can be, and it is swept and washed every day. We have a clean city and it is simply great to live there."

Moore Burial Monday.

The body of Mrs. W. P. Moore of St. Joseph will be brought to Maryville Monday noon for burial. The services will take place in Miriam cemetery immediately following the arrival of the funeral party. Rev. C. J. Miller of the First Christian church will have charge of the service. The body will be accompanied by Misses Nan, Kate and Mattie Moore of St. Joseph, daughters of the deceased, and Mrs. George Sutherland of Dexter, Mo., a sister.

TAKE ACTION NOW

HIGHWAY COMMISSIONER OFFERS
TIMELY ADVICE FOR ROAD DAYS.

HAVE PLANS MADE OUT

Those in Authority Should See That
There is No Lost Time Because
of Lack of Preparation.

The following statement was issued Saturday by County Highway Engineer Clary in regard to the good roads days, August 20 and 21, and every road booster should read it:

The county court has endorsed Governor Major's proclamation designating August 20 and 21 as good roads days in Nodaway county, and the judges have pledged themselves to show that they are as thoroughly good roads men as the governor, by each putting in his two days at work on the roads of the county.

There is a great deal of interest being taken in this movement, and it will grow as the time draws near. Now that the rush of harvest is over, a big turnout can be expected, and it becomes apparent that some preparation must be made to have this work show proper results. This can only be done by thorough organization in all parts of the county, and some preliminary work in each road district.

All township boards, overseers and others interested in good roads should see that all roads are previously cleaned of grass and weeds by cutting, raking and burning, so that the needs of the road may be more readily seen and the work done with less delay and better results. Then they should determine what work should be done, and organize the forces for different pieces of work, appointing a captain of each crew, and arrange for equipment, so that the entire force will not have to sit in the sun and wait while some one walks a mile for a pair of double-trees or a clevis. The township boards and overseers should see that all road tools are previously distributed to the best advantage. Even if this is all done at the expense of the township it should be a good investment, as will be shown by better and more work done. Most of the men who give two days work on roads would rather work and have something to show for the time than to loaf a good portion of the time or work to no advantage, which will be the case without organization and some preliminary thought and work.

There is not enough road machinery, such as plows, scrapers and graders for all to work at this kind of work, hence it will be necessary to arrange for varied kinds of work. Where grading or scraper work is to be done it would be well to previously clean off ground, plow, and then thoroughly disc to pulverize the clods and sods before moving any of the dirt.

Much good work can be done repairing culverts and bridges, and both hand and team work cutting off approaches and filling at end of bridges, etc. Then the law requires that the roads shall be cleared of all brush, stumps, trees and limbs of trees. All stumps to be cut below surface of road. These and rocks and boulders in or on road surface are a constant annoyance and source of danger, and removing them would give work for many men working single-handed with pick and shovel or ax and grub hoe.

In organizing the working crews no man should be denied the right to work on that road or portion of road which is of most interest to him.

In grading it might be well to caution against attempting to move too much dirt at a time. Better work can be done by handling small amounts of dirt, and in no case should a grade be thrown up higher or with steeper side slope than just necessary to carry water to side drain. Ordinarily a slope of one-half inch to the foot is about right, and in no case should it be greater than one inch to the foot, or a roadway with crown thirty feet wide would have fall of seven and one-half inches center to side in first case, and in latter or extreme case would have fifteen inches fall center to each side; that is, to edge of side drain. Side drain ditches should be as shallow as possible to insure carrying off water, and should be continuous, not running out to surface in passing

gateways, etc. If a drain interferes with private entrance it should be made just the same and then a tube or other arrangement of slight excess capacity can be put in. In no case should the water be turned back into the road.

Some labor can be used putting in timber culverts, building concrete headwalls, etc., and many men and teams could haul sand and material for other similar work, or some might haul previously, so that the work of putting in can be done on these days.

There is plenty of work for all if we organize. It would be best if all could be on the work, but it will be impossible for some and who would yet be willing to contribute in money in some amount to help pay for materials used or for labor to be put on roads on some other day when men can be hired.

This office will be glad to give any assistance possible on or before these days, and hope that all may vie with each other in making these days ones of enthusiasm and good work.

JOHN H. CLARY,
County Highway Engineer.

TO PREACH IN KANSAS CITY.

Rev. Gilbert S. Cox to Occupy Pulpit
of Howard Memorial Church in
That City Sunday.

Rev. Gilbert S. Cox, pastor of the First M. E. church of this city, will leave Saturday afternoon for Kansas City, and on Sunday will occupy the pulpit of the Howard Memorial church in that city at both the morning and evening services. In response to a request he will sing "It is Enough," from the oratorio "Elijah" in the morning. Rev. Cox will visit his parents, Mr. and Mrs. L. M. Cox while in that city. He expects to return to Maryville on Monday.

TO USE TWO MOTOR BUSES.

Union Bus Company Received Satur-
day Two New Buses to Be Used
for Service Here.

The Union Bus company received Saturday their two new motor buses, which will be used for transporting passengers to the depots, and also for service for the Chautauqua. The buses will hold twenty passengers each. They are Velie cars and are 40-horse-power.

The buses were driven to Maryville from Excelsior Springs, Mo., where they had been in use about three months, but owing to the interurban cars from that city to Kansas City they were not needed there any more.

NO CHURCH SERVICES SUNDAY.

All of the Protestant Churches Will
Disband On Account of the
Chautauqua.

No church services will be held at any of the Protestant churches in the city on Sunday on account of the Chautauqua. The morning program of the Chautauqua will consist of a big Sunday school rally of all of the Sunday schools of the churches of this city, and also of the county. S. L. Williams of Liberty, Mo., will be the speaker. However, the members of the Christian church will meet at the Christian church at 9 o'clock for a meeting, and the following is the call for such meeting:

Special call meeting of all members of the official board of Christian church at 9 a. m. in church parlors. All members of the church are urged to be present for an important business session at 9:30. Sunday school and communion. We adjourn in time for the 10:15 service at the Chautauqua.

W. C. FRANK,
Chairman of Board.

Collision Near Barnard.

As Cecil Wilson of Maryville, who was driving a car, and Earl Richards and Arthur Cotter of near Guilford, who were driving in a buggy, went to pass each other on a bridge east of Barnard Friday evening about 8 o'clock, they had a collision. The boys in the buggy were thrown out and injured so that Wilson took them back to Barnard for medical assistance. The Cotter boy had his knee cap knocked off and the Richards boy sustained injuries to his chest, and it is believed one of his ribs is broken. They are sons of Mr. and Mrs. John C. Cotter and Mrs. Mary Richards.

Miss Floy Lyle went to Barnard Saturday morning for a two weeks' visit with Mrs. Eugene Crawford.

IT STARTED TODAY

NODAWAY CHAUTAUQUA COM-
MENCES WITH RUSH OF CAMPERS.

BENJ. CHAPIN SUNDAY

In Character Portrayal of Lincoln—
This Number is Highly Recom-
mended by Friends of Lincoln.

This Evening's Program.
7:45—Concert by Ewing's Zouave band.

Sunday's Program.
Morning:
10:30—Big Sunday school rally of all Sunday schools in the county under direction of County Sunday School association.

Afternoon:
2:00—Prelude concert, Chicago Operatic company.
3:45—Benjamin Chapin in his great character portrayal of Lincoln.
4:30—Open air concert, Maryville Concert band.
Evening:
8:00—Concert, Chicago Operatic company.

Monday's Program.

10:00—Domestic science lecture and demonstration by Mrs. Nellie Kodzie Jones.
Afternoon:
2:00—Prelude concert by Chicago Operatic company.
2:45—Lecture, "The Final Test of Our Democracy," Dr. Charles S. Medbury.
4:30—Open air concert, Missouri Ladies' Military band.
Evening:
8:00—Concert, scenes from operas, in costume, by Chicago Operatic company.

Chautauqua is here again. The program did not begin until this afternoon, but the grounds were a busy place early this morning with the rush of the campers moving into quarters. The crowd began coming to the grounds at 1 o'clock, and with two strong numbers, the Zouave band and Lou J. Beauchamp, for the afternoon program, the 1913 session started successfully.

Yesterday The Democrat-Forum printed a list of more than ninety tents that had been set up on the grounds. Six more tents were set up by the management last evening, and many of the private tents are yet to be put on the grounds. Mr. Landon has just eight tents left in stock. Thus the tent city is larger this year than ever before.

A number of people moved into their tents yesterday, and spent the night there. The grounds were lighted and policed last night, as they will be throughout the session, and the campers found them comfortable and quiet, with a cool, refreshing breeze that made them the best sleeping place in town. This morning ranges and gasoline stoves were lighted, and the smell of coffee soon permeated the grounds. The real camp life was well under way.

By 7 o'clock the drays and farm wagons began coming to the grounds with the goods of other campers. From that time on there was a rush of moving until the Zouave band struck up its first number.

Tomorrow is another strong day. In the morning the Sunday school convention will be held at 9:30. The afternoon program begins with a short concert by the Chicago Operatic company. (Continued on page 2.)

LARGE CROWD AT BARNARD.

Today Was Biggest Day of the Picnic
at That Place—Has Been a Very
Successful Picnic.

The Barnard picnic will close this evening, after a three days' session. It has been a very successful one, and the attendance today was the biggest so far. M. G. Moran of St. Joseph was one of the speakers today, and a ball game was played this afternoon between Barnard and Whitesville.

Friday at the picnic was Normal day. The program consisted of music by Prof. Maulding's orchestra of Maryville, and speeches from Ira Richardson, president of the Normal, and W. A. Blagg, president of the Normal board of regents. The program given was an excellent one and the large crowd enjoyed it very much. In the ball game between Barnard and Conception, Barnard won by a score of 19 to 1.

The Maryville ladies band, which is furnishing the music for the picnic, is receiving a great deal of praise for the excellent music they are giving.

BADLY INJURED IN ACCIDENT.

Walter Randle of Near Bolckow in
Auto Accident While Returning
From Barnard Picnic.

Walter Randle, living west of Bolckow, met with an accident Friday night while returning from the Barnard picnic in his automobile. He met a team of horses on the road which John Fanning was leading, one of the horses becoming scared and getting right in front of the car. The car struck the horse, causing the machine to turn over with Randle underneath. Randle received three broken ribs, a broken ankle bone, breast bone injured and injuries internally. The horse was thrown a distance of thirty feet. In the car with Randle was R. Roland and three sons, but none of them were injured. Drs. Wood and Best of Bolckow attended Mr. Randle and his condition is serious.

Barnard Picnickers.

Among those who went to the Barnard picnic Saturday morning were Misses Pearl Lawson, Thelma Culverson, Mr. and Mrs. Cornelius Hellard, Mrs. W. A. Fite and children, Mrs. George Elsenman and children, Misses Ruth Fite and Ollie Baker, Mrs. Lee Hudson and daughter, Mr. and Mrs. James Mayes and children, Miss Mary Miller, Mrs. Emma Anderson, George Anderson, Mrs. John McClain, Ethel and Milton McClain, Misses Myrtle Oberlander and Ruth Culp, Misses Cleo and Marie Grundy, Miss Mayme Tilson, Mrs. W. A. Holliday and children.

Here From Kansas City.

Arthur Miller of Kansas City arrived in Maryville Friday night to join Mrs. Miller on her visit to Mrs. Catherine Miller and Mrs. F. P. Robinson.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHERRY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

IT STARTED TODAY

(Continued from Page 1)
pany. This is the same company which met with such success here last year, and it is sure to draw large crowds. The entire evening program will be given by this company. The character portrayal of Lincoln given at 2:45 tomorrow afternoon by Benjamin Chapin is one of the most highly recommended numbers on the entire program. Personal friends of the great president who have seen Mr. Chapin in this sketch, say that it is remarkably true to life. Monday morning the first of Mrs.

CHAPIN AS LINCOLN.
To Appear at the Chautauqua Sunday
Afternoon.

Nellie Kedzie Jones' domestic science lectures will be given. The lecture for the afternoon of that day will be "The Final Test of Our Democracy," by Dr. Charles S. Medbury, the pastor of the University Church of Christ of Des Moines, the largest church in the Christian denomination. The music of the day will be given by the Chicago Operatic company and the Missouri Ladies Military band.

Chautauqua Camp Notes.

The Democrat-Forum's Hanamo phone number at the Chautauqua grounds is 3600. If you are wanting anyone at the grounds, you are invited to use the phone. And anyone at the grounds wanting to use a phone can use same at The Democrat-Forum tent. In addition to the Hanamo, the Farmers phone will also be found at The Democrat-Forum tent on the grounds.

Rev. W. E. Royston and family of Barnard are Chautauqua campers. They will remain during the entire assembly.

The Daily Democrat-Forum will be delivered to any tent on the Chautauqua grounds for 10 cents a week. Leave orders at this office or at the tent on the grounds.

The C. W. C. club went into camp at the Chautauqua grounds on Friday night. The members of the club are Misses Mary, Isabelle and Nellie Jones of Fairfax, Miss Grace Carr of Skidmore and Miss Mamie Pinkston of Oregon.

Rev. A. C. Brown and family of Maitland are also camping on the Chautauqua grounds. Rev. Brown always takes his vacation during the Chautauqua here and always camped out during the week. After the assembly is over here Rev. Brown and his family will go to Kansas City to spend the remainder of their three weeks vacation. Rev. Brown is pastor of the Methodist church at Maitland and is well known in Maryville.

Mrs. Charles C. Moore and Marcia Roxine Cutler went to Barnard Saturday morning to spend the day at the picnic.

News of Society and Womens' Clubs

To Niece's Wedding.

Mrs. M. S. Moore went to St. Joseph Friday evening to visit her daughter, Mrs. O. W. Clark.

Ate Supper on Church Lawn.

The Amoma class of the Baptist church Sunday school gave a picnic luncheon Friday evening on the church lawn.

Returned to Waterloo.

Miss Marie Braniger of Waterloo, Ia., who has been the guest of Mr. and Mrs. R. S. Braniger the past week, left for her home Friday.

Guest From Kansas City.

Miss Neile Pigg of Kansas City arrived Friday noon to remain during Chautauqua as the guest of Mr. and Mrs. G. B. Holmes at Holmes Heights.

On Visit to Waterloo.

Miss May Murray left Saturday for Waterloo, Ia., to visit her sister, Mrs. William Galloway, for the coming two weeks.

Visited Sisters a Week.

Mrs. James M. Enis of Clyde returned home Saturday from a week's visit with Mrs. T. J. Parle and Mrs. Clarence Merrigan.

Visiting His Parents.

John Lahr and Miss Helen Lahr of St. Joseph arrived in Maryville Friday night for a two weeks' visit with Mr. and Mrs. Matthew Lahr.

On Visit to Hopkins.

Misses Alma and Mabel Corken of Burlington Junction were in Maryville Saturday on their way to Hopkins to visit Mr. and Mrs. Elmer Corken.

Visiting in Savannah.

Mrs. Earl Baker and Margaret Maurer of Springfield went to Savannah Friday evening to visit Ray Peterson and family and attend the Chautauqua in progress there.

On Visit to Son.

Mrs. J. C. Archer left Saturday for St. Paul, Minn., to spend several weeks with Blaine Archer, who is general manager of the National Automobile company at St. Paul.

Guests From Bolckow.

Miss Helen Dunn of Bolckow and Miss Dorothy Dunn of Chicago arrived Saturday noon and are the guests of Miss Ella Walton Frank and Misses Geneva and Marjory Whitley.

Married by Rev. Miller.

Miss Gladys Patterson and Everett C. Wright of Graham were married at noon today by Rev. C. J. Miller, pastor of the Christian church of this city. The couple was attended by Mr. and Mrs. H. C. Wright.

Brought Guest From St. Joseph.

Miss Nellie Hudson returned Friday night from a ten-days' visit in Bolckow with Miss Irene Dadds. She was accompanied home by Miss Grace McAnulty of St. Joseph, who will be her guest for several days.

Will Camp at Bridgewater.

A camping party composed of Mrs. Dora Martin and her guests, Mr. and Mrs. Edward Lippman and children of St. Louis; Mr. and Mrs. Fred French and Don Martin will go into camp Saturday evening at Bridgewater and spend a week there.

Married Thirty-Three Years.

Mr. M. Nusbaum returned Saturday from Plattsburg, where he spent the day Friday with Mrs. Nusbaum at the home of Mrs. A. Swike. The day was the thirty-third anniversary of their marriage, which was observed informally at their daughter's home.

Went to Barnard Picnic.

Mr. and Mrs. G. L. Allen went to Barnard Friday evening to attend the picnic, returning on the next train. They took a surprise picnic supper along and enjoyed it with their daughter and sons, Miss Dora Allen and Harry and Fay Allen, who went the first day. Miss Allen belongs to the Missouri Ladies Military band.

Will Go to Wyoming.

Mr. and Mrs. T. H. Young, the newlyweds at Skidmore, whose marriage in Atchison, Kan., on the 16th of July was accidentally discovered a week ago, will go to Wyoming in the fall. Mr. Young is the contractor on the American Sheep company's ranch at Gillette, Wyo. Mrs. Young was Miss Ethyl A. Linville, the daughter of Mr. and Mrs. J. S. Linville of Skidmore, one of the best known families in the county.

On Trip to Colorado.

Mrs. W. A. Miller and daughter, Mrs. R. S. Braniger, Mrs. E. J. Hoge and Miss Alice Braniger of Caldwell, Col., left Saturday morning on a trip to Colorado. Mrs. Miller will be joined at Omaha by her mother, Mrs. C. Webster of Wapello, Ia.; Miss Anna Webster of Fairfax, Neb.; Mrs. Kate Stew-

art and Miss Stewart of Butte, Neb., for a visit at Denver, Colorado Springs and Pueblo. Mrs. Braniger and her guests will spend two weeks at Laura, Col., before going to the Colorado summer resorts.

Her Eighty-Fifth Birthday.

Mrs. Amanda Young was given a very pleasant surprise at her home Friday evening by her neighbors, who had found out that the day was her eighty-fifth birthday anniversary. They gathered at her home and spent the evening with her, taking a luncheon of ice cream and cake. Mrs. Young is in very good health for one of her years and enjoyed the evening as much as any of her guests. She is among Maryville's oldest residents and has many friends who are glad to know that she is still able to keep her home and attend to its duties. The guests of the evening were Mrs. Leonard Byers, Grandma Byers, Mrs. Arthur Warner, Mrs. C. A. Cunningham, Mrs. Mildred Townsend, Mrs. Teaney, Mrs. Oberlander, Miss Merl Oberlander, Mrs. Anna Basford, Mary and Grace Stundon, Mrs. Fullerton.

Traveled 3,500 Miles.

Miss Margaret Beattie of Newport, Ark., arrived in Maryville Wednesday night on her annual visit to her brother, Mr. M. L. Beattie, and Mrs. Beattie. Miss Beattie has just returned from a seven weeks' automobile trip in the east with a party of St. Joseph friends. They traveled 3,500 miles and the entire trip was made without mishap. The party left St. Joseph the 16th of June and took the inter-state Iowa road to Des Moines and then the blue book route to Chicago, South Bend, Cleveland, Buffalo, Rochester, Syracuse, Albany and across the Hudson river to Crittfield, Mass., and on through the Berkshire hills to Bridgeport, Conn., and then to New York City, where several days were spent in sight seeing. Atlantic City was the next place for stopping and after that Washington, D. C., where the longest stay of the trip was made. From Washington the travelers took the trail over and through the Allegheny and Cumberland mountains, indescribable in scenic beauty and grandeur, to Wheeling, W. Va.; Columbus, O., on the national pike road to Indianapolis, then Springfield, Ill., and on the homebound road, the Quincy-Hannibal, to St. Joseph. It was a wonderful trip. No time tables to follow or interfere with anyone's pleasure or convenience. Side trips and stopovers were taken at will, and the car was driven fast or slow to enjoy the wonders and beauty of whatever attracted the travelers. The roads were good nearly all the way and the few mudholes encountered would be an oasis in Nodaway county just now.

To Niece's Wedding.
Mrs. A. R. Robinson, living northwest of Maryville, left Friday evening for Purcell, Okla., to attend the wedding of her niece, Miss Gladys Wertz, to Mr. Frank Clark of Oklahoma City. The marriage will take place on Sunday, August 10. Mr. Clark is in the abstract business in Oklahoma City, where they will make their home. Miss Wertz visited in Maryville last summer with Mrs. Harry Harrison, Misses Eva and Fay Sprecher, and Mrs. Robinson, northeast of Maryville. Mrs. Robinson expects to be gone about ten days.

Minister Praises This Laxative.

Rev. H. Stubenvoll of Allison, Ia., in praising Dr. King's New Life Pills for constipation, writes: "Dr. King's New Life Pills are such perfect pills no home should be without them." No better regulator for the liver and bowels. Every pill guaranteed. Try them. Price 25c, at the Orear-Henry Drug Co.—Advertisement.

LOSS TO CORN IS 300,000,000 BU.

Agricultural Department Out With Its Report.

KANSAS HIT HARDEST OF ALL.

Oklahoma Second Worst Hurt and Nebraska Third—Winter Wheat Crop of Country Is in Bumper Class—Oats Seem to Be Coming Well.

Washington, Aug. 9.—The loss of 300,000,000 bushels of corn, the nation's greatest farm crop, has resulted from the great damage wrought by drought and other conditions since July 1, the government's agricultural experts estimated in their August crop report. A total production of 2,672,000,000 bushels of corn was predicted. This is 452,000,000 bushels less than last year's crop.

The general condition was placed at 75.8 per cent of a normal, compared with 89.1 on July 1. Kansas was hit hardest, the condition having been reduced from 81.6 per cent in July to 30 per cent on Aug. 1. Oklahoma came next, with a condition of 44, against 87 in July, and Nebraska reported 67 against 91 July 1. These three states have almost 19 per cent of the total area planted to corn this year. Iowa reported 85, against 89 in July and Missouri 70, against 81 July 1.

Bumper Winter Wheat Crop.

A bright spot in the monthly grain report, however, was the preliminary statistics showing a production of 511,000,000 bushels of winter wheat. This is the greatest harvest of wheat ever gathered in the United States, exceeding the record crop of 1902 by 10,000,000 bushels. The figures exceeded by 28,000,000 bushels the estimate made by the department in July. Spring wheat, too, was given an increased estimate of production, it being 15,000,000 bushels more than the July estimate, the total being placed at 233,000,000 bushels. With the bumper winter wheat crop and a fairly good spring wheat production, the total harvest of all wheat is estimated at 744,000,000 bushels. A crop this size would place the year's production second only to the record crop of 1901, when 748,000,000 bushels were produced.

Details of Crops.

Reports made on each crop follows:
Corn—Condition, 75.8 per cent of a normal; indicated yield, 25 bushels per acre, estimated production 2,672,000,000 bushels.

Winter Wheat—Preliminary estimate of yield, 16.5 bushels; total production, 511,000,000 bushels; quality, 93.7 per cent.

Spring Wheat—Condition, 74.1; yield, 12.5; production, 233,000,000. All Wheat—Yield, 15; production, 744,000,000.

Oats—Condition, 73.1; yield, 26.8; production, 1,028,000,000. Oats remaining on farms Aug. 1, 163,900,000 bushels, compared with 34,827,000 bushels last year and 67,793,000 bushels in 1911.

Barley—Condition, 74.9; yield, 23.1; production, 168,000,000.

Rye—Acreage, 2,134,000; preliminary estimate of yield, 16.3; of production, 35,000,000; quality, 94.

Buckwheat—Condition, 85.51; acreage, 841,000; yield, 20.1; production, 17,000,000.

White Potatoes—Condition, 78; yield, 92; production, 339,000,000.

MONEY FOR MOVING CROPS

Bankers Talk the Matter Over With Government Officials.

Washington, Aug. 9.—Fifty bankers from the large cities of the central west conferred with Secretary McAdoo and Assistant Secretary Williams regarding the distribution that section's share of the \$50,000,000 of treasury funds about to be deposited in banks for the movement of crops.

With a tentative decision reached to place \$25,000,000 in the south to assist in moving and marketing cotton and other crops, the principal question discussed was the division of the remainder between the middle and far west. The bankers generally, it was stated, were enthusiastic over the prospect of government assistance.

Secretary McAdoo made it clear to the bankers that while he felt impelled to deposit the money in the large centers in the agricultural belts, he would insist that the big banks receiving the funds should pass them along to the smaller or country banks at reasonable rates of interest. The treasury department is powerless to name the rate of interest, but the condition of reasonableness will be imposed.

Assistant Secretary Williams indicated to the bankers that the government would place a very broad construction on commercial paper to be accepted as security for the deposits. It will include not only regular customers' loans, but paper based on all stable commercial and agricultural operations.

Plant of Oil Company Destroyed.

Philadelphia, Aug. 9.—Four large manufacturing plants were threatened with destruction, several firemen were burned or overcome by smoke and many families had to flee from their homes when the plant of the Union Petroleum company, which occupied an entire block, was destroyed in a spectacular fire. The loss is \$123,000.

DEMONSTRATION IS PLANNED

Mexicans to Show Their Approval of Huerta's Course.

ALL CLASSES TO PARTICIPATE

Crowds Will March Through Streets of Mexican Capital and Speeches Made—Government May Not Let Lind Land.

Mexico City, Aug. 9.—What promises to be a gigantic demonstration of popular approval of the attitude taken by President Huerta regarding the coming to Mexico of John Lind, President Wilson's personal representative, has been planned by the student element, led by instructors, for tomorrow. The demonstration will not assume an anti-American character, it is stated, although the public generally finds difficulty in separating the idea of anti-Americanism from pro-Huertism, as displayed in the attitude of Huerta toward the United States.

It is announced that the demonstration will be participated in not only by students, but all classes of the people. The crowd will march through the streets, halting at convenient places for speech making.

No new official declaration affecting the attitude of the government toward Mr. Lind was made, but there is some reason to believe that the government seriously is considering going to the length of not permitting Mr. Wilson's representative to land at Vera Cruz.

Nelson O'Shaughnessy, the American chargé d'affaires, acting under the instructions of Secretary of State Bryan, censured the foreign office again of the friendly character of Mr. Lind's visit, reiterating in substance the previous note of Mr. Bryan, in which Mexico was requested to reserve judgment until the arrival of Mr. Lind.

The alarming character given the mission of Mr. Lind was attributed to sensational newspaper reports.

Mr. Lind will not arrive in Mexico City before tomorrow.

Tension Is Conspicuous.

Washington, Aug. 9.—Tension of the Mexican situation was conspicuous in official circles.

After a conference with President Wilson at the White House, Secretary Bryan announced he had received the message from Manuel Garza Adelpe, acting minister of foreign affairs, declaring on behalf of President Huerta that the presence of John Lind will be undesirable in Mexico, unless he brought recognition of the Huerta government.

Mr. Bryan said there was no change in the plan with respect to Mr. Lind's mission. The president had taken the position that it was incredible that the Huerta government would refuse to receive an envoy bound on a peaceful mission.

Following the conference with President Wilson, Secretary Bryan issued the following statement:

"The statement of the Mexican foreign office was based on misrepresentation, for which this government is not responsible. In sending Governor Lind as adviser to the embassy, the president is entirely within his right and this department will not assume that his going will be regarded as unfriendly when the character of his mission is understood."

SULZER PLAYS MARKET

New York Governor Heavy Loser in Stock Exchange Speculations.

New York, Aug. 9.—Governor William Sulzer's speculations in the New York stock market came out in the open before the legislative committee.

The testimony showed the governor a heavy loser and indicated that while he had a \$26,000 debit against him with one exchange firm, he used campaign contributions to speculate with another broker.

A clerk for a stock exchange house identified the mysterious account No. 500 as Sulzer's and a member of another firm, Melville Fuller, not only admitted that Sulzer had been a customer with a debit account running to nearly \$50,000, but added that he was testifying with lips unsealed at the governor's suggestion.

The clerk who testified said he had been told that account No. 500 was the governor's, his employer adding that he was proud to have the governor's account.

Further testimony was adduced and a list of checks introduced tending to show that part of the speculation was carried on with funds contributed to Sulzer's gubernatorial campaign. None of these checks were reported in the governor's sworn statement of campaign contributions. This, according to counsel for the committee, constitutes violation of the corrupt practices act, conviction of which would mean automatic disbarment from holding any public office.

Plane Beats Train in Nonstop Race.

Washington, Aug. 9.—C. Marvin Wood, the American aviator, who attempted a nonstop race in his monoplane with a train from New York to Washington and thence to Fort Meyer, Va., for exhibition flights, reached his destination after he had been compelled to interrupt his flight on a farm near Gaithersburg, Md., sixteen miles from Washington. Wood won his race with the train, making the landing at Gaithersburg forty minutes before the train rolled into the Union station.

No Furnace Ever Built Has Met With Such Universal Praise the Country Over Because the

XXTH CENTURY FURNACE

FIREPOT HAS SPECIAL FEATURES—It is built on an exclusive patent that gives a free circulation of air at all times and preserves the firepot.

BURNS ALL KINDS OF FUEL—Especially slack and cheap grades of soft coal with perfect results, as well as hard coal, gas and coke.

BURNS THE FUEL IN A CIRCLE—Around the outer edge and toward the center with perfect combustion, giving the greatest heat from the least fuel.

WITH ITS PATENT REGULATOR—Holds the fire, even with soft coal, for 48 hours and saves the vexing labor rekindling the fire.

CONSUMES NEARLY ALL THE GASES AND SMOKE—Saving about half the fuel. In most furnaces they escape through the chimney, being a fuel waste.

AVOIDS PUFFING GAS OR SOOT—Even in burning soft coal, thus keeping the house entirely free from gas and soot particles.

HAS THE IMPROVED DROP FRONT GRATE—Making it the simplest and easiest cleaned of any furnace made. The entire grate is easily removed.

Before buying call at South Side Hardware and see the XXth Century.

C. A. BARBOUR, South Side Hardware

In City Police Court.

Mayor Robey as police judge fined Frank Fanning for being drunk and disturbing the peace. He was given a fine of \$2 on each charge, and with the costs amounted to \$16.10 in both cases.

FELT BAD ALL THE TIME

Shellhorn Lady Suffered a Great Deal, But Is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die. At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well. I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

As a remedy for woman's ills, it has a successful record of over 50 years. Your druggist sells it. Please try it.

N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

Donald L. Robey

SOY BEANS—WHY NOT?

What One Man Thinks of It That Should Interest Every Farmer.

The following article on soy beans was written by Abram Bunn and is taken from the Country Gentleman:

It was a big Missouri stockman who told me, as a joke on himself, how he had gone to the races one day when he ought to have been cutting his cowpeas, and the next morning found the cowpeas a tumbled mass of frozen ruins. Right there is the limitation of the cowpea. With the soy bean there is another story.

Early in the work of trying out soy beans I began planting several varieties late to see what would happen; and it was not long before things did begin to happen. The 1910 planting was made the first week of July. One variety was caught in the fall when the pods, leaves and beans were still green. The vines were apparently destroyed. Just before Christmas I waded through the snow and collected beans from the pods in this variety, which I had allowed to stand. These beans gave me a germination of 96 per cent.

The next year I planted in the last week in June eight yellow and green, and seven black sorts. All but two matured before freezing weather; but these two were caught again with green beans, pods and vines, and the vines were killed. This entire planting was allowed to stand out all winter. Late in February I took seed of each variety, from above and below the snow, and 99 per cent grew.

This same fall (1911) a friend had four acres which he was unable to harvest because the ground was low and wet. Supposing that the seed was destroyed by winter weather he turned his hogs in on the field during the winter and early spring. Seed from this field also showed almost perfect germination.

Both in his field and in mine there was a strong volunteer seeding in 1912 from seed that had scattered from the pods. At oats plowing, in mid-April, his plants had not been injured by the spring freezes. I allowed mine to stand throughout the summer and gathered seed in the fall. My field was small, and as I wanted to find out more about the soy bean I lost the crop and watched the field.

In the fall when I came to take in seed I found that only the black-seeded sorts had volunteered or, rather, had survived. There was a strong stand where shattering of seed was strong, and a fair stand where the shattering was light; but every black kind had pulled through and every yellow and green kind had fallen.

The inoculation in this little field was rather remarkable. Single plants, roughly dug with a shovel and washed in a near-by pond, showed as high as 170 nodules still sticking to the roots. The nodules about the crown were so crowded that often they lay above the ground and were greened from exposure.

Having in mind the experience of my friend, whose beans could not be harvested because of the wet ground and who hogged them down successfully during the winter and early spring, I allowed my 1911 field to stand until March 1, 1912, to see what difference there was in the ability of the fifteen varieties to hold their seed; and the result was well worth the loss of the crop. Haberlandt, the most promising, if not the best, of the black sorts, lost only 5 per cent of seed from the fall and spring freezes and thaws; other varieties lost as high as 60 per cent under the same conditions.

In 1913, having in mind the volunteer crops that pulled through spring frosts, I made several plantings of soy beans to find out how early it is safe to plant them. Plantings were made in my garden on March 25, April 10, 16 and 24. A field planting was made on a rear-by farm late in April.

My planting of March 25 was unfortunately dug up when the garden was spaded; but examination that evening showed that the Sable (black) had perfectly healthy sprouts, whereas the sprouts on the Haberlandt (yellow) had browned at the ends.

The remainder of the plantings came up, passed safely through a heavy hailstorm early in May, passed through the frost of the night of May 10, but were badly hurt in the unusual freeze of the night of May 11. Thirty per cent of the inoculated and 80 per cent of the uninoculated plants of the seeding of April 10 went down and out; practically all of the uninoculated plants of the seeding of April 16 and of one variety of the seeding of April 24 were ruined. Half of the uninoculated plants of the seeding of April 24 of Haberlandt and Sable pulled through without injury.

This freeze was abnormal and untimely. It followed hard on a period of warm, growing weather; and it was so severe as to destroy our plums, a large part of our young apples and locust leaves, and to injure garden peas. Nevertheless the Peking soy beans in the near-by acre were not injured. In the field they pulled through the hardest May frost in many years.

Volunteers seedings in 1912 and 1913 were in excellent condition, without exception, at oats plowing, which is about the middle of April. Of course, the weeds helped to protect the young plants in these fields. Though the evidence is not conclusive, it is quite clear that the soy bean will stand much more punishment both in spring and fall than has been supposed.

As to latitude in time of planting the soy bean stands in a class by itself. It has matured seed of fair germination from a planting in corn at the last cultivation, late in July. It has matured a fair crop of seed from a volunteer seeding in April. It has uniformly matured seed when planted as late as July 1st, and this even with late maturing sorts, such as Hollybrook.

The possibilities of the soy bean for silage with corn, for cover-crop work, catch crop, green soiling, hay, grain and hogging down have not begun to be charted. Moreover, what happens when a crop of inoculated soy beans is grown is not told in a single season. I have noted the sharp difference between the wheat following the soy beans and that following the oats, side by side; and when it came to the harvest the swarth had to be narrowed on the soy bean part of the field because of the added weight of grain and straw. If we must have oats for our horses why not buy them? Let those who can make oats pay grow them for us. Let us grow soy beans and turn them into butter, eggs, meat and soil fertility, and from these sources of income far more than enough to pay for the oats the horses will use.

One thing more. Each district apparently must find out from experiment which of the varieties is adapted to its conditions.

The soy bean is going to do for the north what the cowpea is doing for the south, and it is going to do more. It will ultimately make us largely independent of the oilmeal for which we now pay tribute to the south and will lower the price of the mill feeds used so heavily in our dairying.

It is surprising, therefore, that seed houses are still either silent on the subject of the soy bean or are clinging to varieties that should long ago have been discarded in favor of the newer and more prolific sorts. The day of the Medium Yellow, the San and Medium Green for grain production has gone by; the Mammoth Yellow is moving north for hay making, for silage and for turning under; and for grain the older varieties must make way for the Haberlandt, the Swan, the Mikado and the Mongol of the yellow sorts, and the Wilson, the Sable and the Peking of the black.

LIVE STOCK MARKETS.

CHICAGO.

Cattle—300. Market steady. Estimate tomorrow, 20,000.
Hogs—6,500. Market 10c higher; top, \$9.30. Estimate tomorrow, 38,000.

Miss Golda Adecock went to Barnard Saturday morning to visit Mrs. Harvey Waugh.

Miss Golda Airy attended the Barnard picnic Friday evening.

Children Cry FOR FLETCHER'S CASTORIA

Elmo Still After Light.

Elmo is trying to have electric lights, the Clarinda Electric Light company to furnish the current. Mr. Lee of that company was in Elmo this week and talked the proposition over with the town board. The difficulty is whether a foreign corporation can do business in Missouri without a permit. However, it is thought all difficulties can be overcome and lights be had at Elmo by October 1. A franchise will have to be granted by a two-thirds vote.

To Meet August 15.

The State Association of Rural Mail Carriers will convene in Kansas City at its third annual session August 15 and 16. The delegates from Nodaway county are J. S. Muntz of Maryville and O. G. Null of Pickering. Postmasters are now authorized to grant carriers leave of absence in order that they may attend meetings of their association.

Organization Perfected.

A meeting was held last night at which an organization was perfected of the Fraternal 22 club, being a mutual sick benefit society composed of twenty-two members. The officers selected were Arthur Garten, president, and Dee Callahan, secretary. The assessments are 50 cents a week.

Returning to Oklahoma.

Misses Lucile and Frances Griffin left Saturday morning for their home in Claremore, Okla., after a summer's visit with their grandparents, Mr. and Mrs. Theodore Miller. They were accompanied as far as St. Joseph by Miss Mabel Miller.

Sues On Notes.

A suit filed Saturday by Shinabargar, Blagg & Ellison was for the Farmers Trust company against Harry Brumbaugh. The first count is for \$75 and interest, the second one for \$57.47 and interest, and the third one for \$600.

On Vacation Trip.

Mr. and Mrs. W. F. Smith left Saturday on a two weeks' trip to St. Louis, Hannibal and Poplar Bluffs, Mo.; Bushnell and Chicago, Ill. They will visit their daughter, Mrs. Blake Alexander, at Bushnell.

Returned From Vacation Visit.

Rev. and Mrs. C. J. Miller returned Friday night from a three weeks' vacation visit in Grundy Center, Des Moines and Eldora, Ia. At Grundy Center they visited Mrs. Miller's parents.

A Large Wheat Average.

Gus King of Clyde was in the city Saturday. He reported that his wheat averaged 40 bushels to the acre for a 45-acre tract. His oats also ran 62 bushels an acre for a 10-acre tract.

"The Unwritten Law of the West," "Out and In," "The Fashion Show," or the Tale of a Black Eye," and "The Dream Home" at the Star theater tonight.

Mr. and Mrs. L. G. Summerville and son left for their home in Blythedale Friday. Professor Summerville has been attending the summer term of the Normal. He is superintendent of the schools at Blythedale and a brother of Professor G. W. Summerville of the Pickering schools.

Suffered Eczema Fifty Years—Now Well.

Seems a long time to endure the awful burning, itching, smarting, skin disease known as "tetter"—another name for eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure. Mrs. D. L. Kenney writes: "I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetters, which his troubled me for over fifty years." All druggists, or by mail, 50c. PFEIFFER CHEMICAL CO. St. Louis, Mo. Philadelphia, Pa. Orear-Henry Drug Co.—Advertisement.
